SPEAKER'S BIO

Dr Stefano Conti

Stefano Conti has received his D.D.S. degree at the University of Medicine and Surgery, School of Dentistry, Parma, Italy, in 1989.

He has attended courses on Implant Dentistry with dr. David Garber, dr. Henry and Maurice Salama at the Goldstein Garber & Salama in Atlanta, Georgia, USA. He has completed the 1-Year UCLA/ gIDE Master Clinician Program in Implant Dentistry at the UCLA School of Dentistry, California, USA. He is lecturer at the Master Program of Implantology at the University of Parma,

School of Dentistry. He is lecturer at the Master Program of Facial Esthetics at the University of Parma, School of Dentistry.

He lectures every year in various parts of Italy, Europe and South America.

He is an Active member of the Italian Academy of Esthetic Dentistry, IAED.

He is an Active member of the Digital Dentistry Society, DDS.

He works in his private practice in Parma-Italy, and in London-UK, where he has restricted his clinical work to Implant Surgery and Esthetics around natural teeth and Implants.

Dr Philip McCauley

Dr Philip McCauley is the Clinical Director of Dorset Dental Clinic and an experienced implant dentist with over 20 years of clinical experience in the placement and restoration of dental implants. He has been practicing implant dentistry since 2002 and is a Fellow of the International Congress of Oral Implantologists (FICOI).

Philip graduated from Queen's University Belfast Dental School in 1999. Following a year in general practice, he worked as a Senior House Officer in the Oral Surgery Department at Poole Hospital, where he gained extensive experience in dentoalveolar surgery. He obtained the Diploma of Membership of the Faculty of Dental Surgery (MFDS) in 2001.

He has completed a wide range of postgraduate training programmes, including the one-year restorative dentistry course with Michael Wise in 2004. Alongside his clinical work, Philip regularly lectures to fellow clinicians and is widely recognised as a respected opinion leader in implant dentistry.

ABSTRACT

This session will focus on how to design and execute implant treatments that deliver reliable aesthetic outcomes, from surgical positioning to prosthetic decisions. Attendees will gain practical protocols they can immediately apply in their own cases to improve soft tissue stability, emergence profile, and long-term aesthetic predictability.
